Welcome to the City of Waukee’s 2019 Report Card!

Hello friends,

This Report Card shares local measurements in nine topic areas about life in Waukee. I hope the information enriches your knowledge of this community and even prompts discussions in an effort to enhance the quality of life in Waukee. The measurements in the Report Card give us all a place to begin—a place of knowing where we stand today so we can decide where we want to go and plan how to get there. I also encourage you to revisit the City’s “Imagine Waukee 2040” comprehensive plan as a guide to understanding many of the guiding principles behind decision-making and planning within our organization. This plan is the framework for the community’s next 20 years.

We intend to update the Report Card routinely to see just how we are progressing as a City and if there are needed areas of improvement. Each of us has a role to play in the advancement of Waukee. One person or group cannot do it alone, but together in partnership and trust we can continue to build a Waukee where all of us have what we need to flourish. I look forward to working with you to make Waukee the best place it can be.

If you have any questions, feel free to contact me at cclarke@Waukee.org. If you wish to address all five Waukee City Council Members and me at one time, please email councilmembers@Waukee.org. Thanks!

Sincerely,

Courtney Clarke, Mayor
DEMOGRAPHICS

Improvements

A one-cent local option sales tax passed for Dallas County on November 7, 2017. The tax is now in effect and generates $2 million of new revenue each year for the City of Waukee. $1 million of that revenue is invested each year in new park projects and existing park improvements.

The City of Waukee has made conscious efforts in recent years to practice and promote sustainability.

**Stormwater Management**

The City recently included native plantings in its new Trailside Dog Park and built a bioretention basin in the new Fox Creek Park – both efforts to filter stormwater in the area.

**Solar Power**

In 2019, the City worked with The Nature Conservancy and the Midwest Renewable Energy Association to launch the “Solarize Waukee” program which offered bulk-buying discounts and educational opportunities for residents and business owners who installed solar panels.

29 homes went solar
3 businesses went solar
250 people attended “Solar Power Hours”

**Solid Waste and Recycling**

Ankeny Sanitation, Inc. (ASI) provides City of Waukee customers with weekly garbage and recycling collection year-round. From April through November, ASI also picks up curbside yard waste each Monday.

**Total Tons of Material Collected**

![Graph showing tons of material collected by year.](image)

Source: ASI

**FUN FACT:** An estimated 80% of Waukee customers regularly utilize the weekly recycling opportunity.
